

Craftex Product Specification Sheet

FABRIC PROTECTOR

A very effective, high solids, odourless, solvent based fluoro-chemical for protecting fabrics, upholstery, tapestries and rugs from water and oil based stains.

For spray application to resist dirt and stains

PRECAUTIONS FOR USE

Avoid breathing fumes when spraying: use solvent breathing mask. Do not use near naked flame. Do not smoke. Flammable. Protect polished surfaces. Pretest for colour and texture stability. Flush out equipment after use. Flammable liquid. Flashpoint >41C. Store away from heat. If spilt absorb in sand or earth. In case of fire use dry powder, CO2, foam. Use commonsense precautions when handling chemicals. Avoid contact with skin. Wash chemicals from eyes and skin immediately with plenty of water, if ingested drink plenty of milk or water, seek medical advice. Keep all products out of reach of children.

DIRECTIONS

Surfaces should be clean and dry before use. Can be applied directly after dry cleaning (in some cases can be used immediately after wet cleaning). Apply through a sprayer fitted with Viton (solvent resistant) seals and fine mist nozzle or jet. Ideally use Fabric Protector Gun (FPG). Spray onto surface until wetted. Do not overwet. The area must be well ventilated until fully dry.

CLASSIFICATION

Fluorochemical essence, odourless mineral spirit. Flammable Liquid. UN No. 3295

Size: 5L
Product Code: 0031
